# I Started

to issue this fine Catalog without the usual “send-off.” But after going over the proof sheets, I felt that Twenty-seven Hundred Lots of the kind of numismatic material offered here deserve a word or two of “encouragement” on their journey to the various numismatic haunts of this country and Canada.

While I have been in the habit of getting out Usual “Unusual” Sales, but this Sale contains such a vast assortment of Coins, Medals and Paper Money of all periods and ages, that I cannot help but feel that whatever your numismatic inclinations may be, you’ll find SOMETHING to interest you in THIS Sale.

Turn to the third cover page; read the Terms of Sale, then send in your bids for the lots you want. In return I promise you the best numismatic service that a life-long study of the subject and hard work could possibly achieve. Your buying here will be made pleasant and profitable to you.

And if you want to earn the life-long gratitude of a hard working Coin Dealer, please send your bids in early, —NOW.

Practically new condition. Rare and of highest interest to collectors of Cents. The first I have ever handled.

There are 323 varieties of Half Dollars described from 1794 to 1841. There are 32 vars. of the 1795 alone. Of the Quarter Dollars there are 107 vars. from 1796 to 1859. The catalog is in practically new condition, only the cover is slightly soiled, and what is most important it contains a printed list of prices showing the amounts realized for each lot of the sale, which consisted of 1,920 lots. Extremely rare and valuable. The first that I have ever handled, either at private sale or at auction. Consider it worth up to \$20.00 or \$25.00.

### REMARKABLE SET of MEDALS of the WORD WAR.

The following collection of Medals of the World War were made by K. Goetz, Munich, Germany, 1913 to 1921. This is one of the most remarkable sets of Medals ever issued; as a whole, the collection represents practically a complete history of the World War from the German point of view.

Every specimen of the following Medals is an original, perfect, just as struck, and the greater majority of them are of the highest artistic designs. All are cast or struck in bronze, excepting two, which are cast in iron. Unless otherwise stated, the medals are from 57 to 60 mm. As the greater majority of these medals are scarce, rare, and as the average retail prices for them are from \$2.50 to \$6.00 each, in order to save time, bids for less than \$1.00 will not be considered for any medal. Also, since this is the first complete collection of these medals offered in this country, bids will be entertained for the entire collection of 153 medals as a whole.

## COLLECTION of LARGE U. S. CENTS.

From 1795 to '98 there are fourteen pieces, fair to about good. The 1799 has a good date, otherwise barely fair; the 1804 is of the cracked die variety and can be classed nearly good. The other cents from 1800 to 1814 will average good. From 1814 to 1857, the average will be very good and up to unc. The best of course are in the cheap dates of the '50's. A good average set of cents with all the principal varieties, a collection that would take considerable time and patience to form. Please make your bids at so much per piece and not by the lot. 133 pcs.

# TERMS OF SALE

---

## PLEASE READ BEFORE BIDDING.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

## I CHARGE NO COMMISSION FOR EXECUTING BIDS.

Lots sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer \$1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalogue. This guarantee holds good indefinitely.

## NOTICE TO NEW BIDDERS.

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

**TERMS:** The terms of auction sales are strictly cash. Parties unknown to me must send a deposit covering at least 25 per cent of their bids or send satisfactory reference, otherwise they will not be accepted, as I cannot be expected to ship goods to parties whose good standing is not known to me.

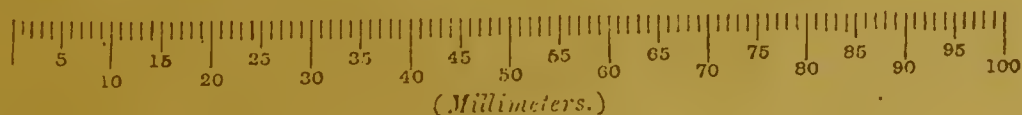

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing prices of coins.

**PLEASE SEND IN YOUR BIDS EARLY.** All bids must be in on or before Tuesday, April 17, 1923.

If you have any coins that you want to sell either at auction or private sale, write me for terms.

The size of Coins and Medals in this catalogue is given in Millimeters.

By the way, this is a good time to talk to me about bookings for next Season's Sales. I don't hold many Sales. I go in for quality rather than quantity, and concentrate all my efforts on a few most successful Sales. The fact that the majority of all fine Collections come my way, is ample reason for you to let me tell you the "Why."
